15. Designing activities in work with migrants	1
<u>Aim of the course:</u> The main aim of the course is to familiarize participants with the migration process as social phenomena. In the case of foreign student is very important to experience this process from own perspective and to create wider view on this social issue. The teaching approach, like workshop gives an opportunity to experience some of the aspects which make this process more understandable. Moreover, familiarizing with the process should make the student more prepared for the intercultural contact with the migrants.	
<u>Teaching methods</u> ³ : workshop - discussion, work in groups, peer to peer education, movies, lectures, role play
